Your electric bill includes a lot of useful information

METER INFO:

Lists the meter readings, date meter was read, your account's rate classification and charges for electricity used for the time period shown.

ENERGY SUPPLY:

The combined charges for electric generation and transmission services.

DISTRIBUTION:

Adams Electric's costs to deliver power to your home or business, based upon your electricity (kwh) use. Includes a monthly access charge — the cost to maintain the equipment needed to deliver your power, and a storm reserve — money set aside to cover costs following a major storm.

BASIC CHARGES:

The two regulated charges for electric service include energy supply and distribution.

MESSAGE AREAS:

Look for important cooperative information, changes and announcements in these areas.

GENERAL INFORMATION:

Explains meter reading and bill payment options and details.

MESSAGE AREA:

Your meter is read automatically. The cooperative reads your meter each month using an automated meter reading (AMR) system. An automated meter sends your reading electronically over the power lines.

ACCOUNT SUMMARY:

Lists previous balance, adjustments, late fees, payments and current account balance.

KWH USE HISTORY:

This chart shows monthly and average daily kwh use, the number of days involved, and an average monthly temperature for the month being billed. A bar-graph shows kwh used in the current month and the last 12 months. This information will help you track your energy use effectively.

NON-BASIC CHARGES:

Outlines charges not related to generation, transmission and distribution of electricity. May include participation in Project Helping Hand and Co-op Owners for Political Action.

PAYMENT DUE:

Lists the date and amount of payment due. If you use automated payments, this area will indicate when the money will be withdrawn from your bank account.

EXPLANATION OF TERMS:

Gives definitions of billing terms to explain basic and non-basic charges that appear under Billing Detail on the front of the bill.

CONTACT INFO:

Lists Adams Electric's office locations and hours, and the co-op's phone number, and website information to contact the cooperative with any questions or for billing assistance and emergency service.

RETURN INFO:

Details check payment instructions. Make sure the Adams Electric address shows through the enclosed return envelope window.

GENERAL INFORMATION, WAYS TO PAY AND EXPLANATION OF TERMS

An automated system reads your meter each month. Bills are due by the due date shown on the front of the bill, which applies to current charges only and does not extend the due date for previous charges. Unless you are on budget billing or have a credit, the amount shown as "Balance Forward" is past due and subject to a 1.5% finance charge. Non-payment of past due amounts may result in service disconnection.

Wholesale Power Cost Adjustment (WPCA): This is the pass-through of the cost of electricity to members without any mark-up. To accomplish this, the cooperative must rebalance the prior year's billed amount by either returning or collecting additional money in the current year.

Distribution Charge: This charge includes the cost of delivering electricity over the co-op's distribution system.

Access Charge: This charge includes the cost to maintain the distribution lines and equipment in place. It is included on each bill whether or not any electricity is used.

Storm Reserve: This fund collects money to cover costs associated with restoring service after a major storm.

Late Fee: Penalty charged for payments past due or received after the due date.

Non-Basic Charges: This area includes items not related to basic charges, including donations to Project Helping Hand and Co-op Owners for Political Action, or energy loan payments.

ACRE/Co-op Owners: Contributions to the Action Committee for Rural Electrification (ACRE) are not tax-deductible for federal income tax purposes. Contributions to ACRE are voluntary and will be used for political purposes. You have the right to refuse to contribute without reprisal. Any contribution guidelines presented are merely suggestions. You are free to contribute more or less than the suggested amounts, or not at all. ACRE will not favor or disadvantage anyone by reason of the amount contributed or a decision not to contribute.

Balance Forward: The amount carried forward from your previous electric bill.
